Professional Liability Preferred Appetite List

Professional Liability Preferred Appetite

PREFERRED APPETITE
Vela Insurance Services’ founding principle is to help protect those businesses and professionals who are instrumental in creating the infrastructure and innovation that make our economy thrive.

Since 2007, we have focused on making the acquisition of hard-to-place professional liability coverage easier.

The Vela team of underwriters, most of whom have been with us since we opened our doors, apply an average of 20 years’ experience to creating flexible, comprehensive protection that responds to the unique circumstances and exposures of each account.
